About this record

Journal of the voyages of the *Discovery* and the *London* kept by William Speare between 1633 and 1637.

Folios 5-92 cover the following voyages of the *Discovery* (Captain William Morris):

- England to Surratt [Surat, India], March-November 1633, via St Lawrence [Madagascar], Comoros and Comorone [Bandar Abbas, Iran]
- Surratt to Comorone and back, January-April 1634
- Surratt to Massipitan [Machilipatnam, India], April-September 1634, via Morisheus [Mauritius], St Lawrence and Comoros
- Massipitan to Comorone, December 1634-March 1635
- Comorone to Bumbee [Bombay, India], April-May 1635
- Bumbee to Syndie [Karachi, Pakistan], September-November 1635, via Surratt

- Syndie to Surratt, January-March 1636, via Comorone.

Folios 93-132 cover the following voyages of the *London* (Captain Matthew Wills):

- Surratt to Massipitan, May-June 1636, via Gorre [Goa, India]
- Massipitan to Bantam [Banten, Java, Indonesia], August-October 1636
- Bantam to England, January-July 1637.

The journal consists of daily entries of information on navigation, winds, weather, contact with other ships, and general observations.

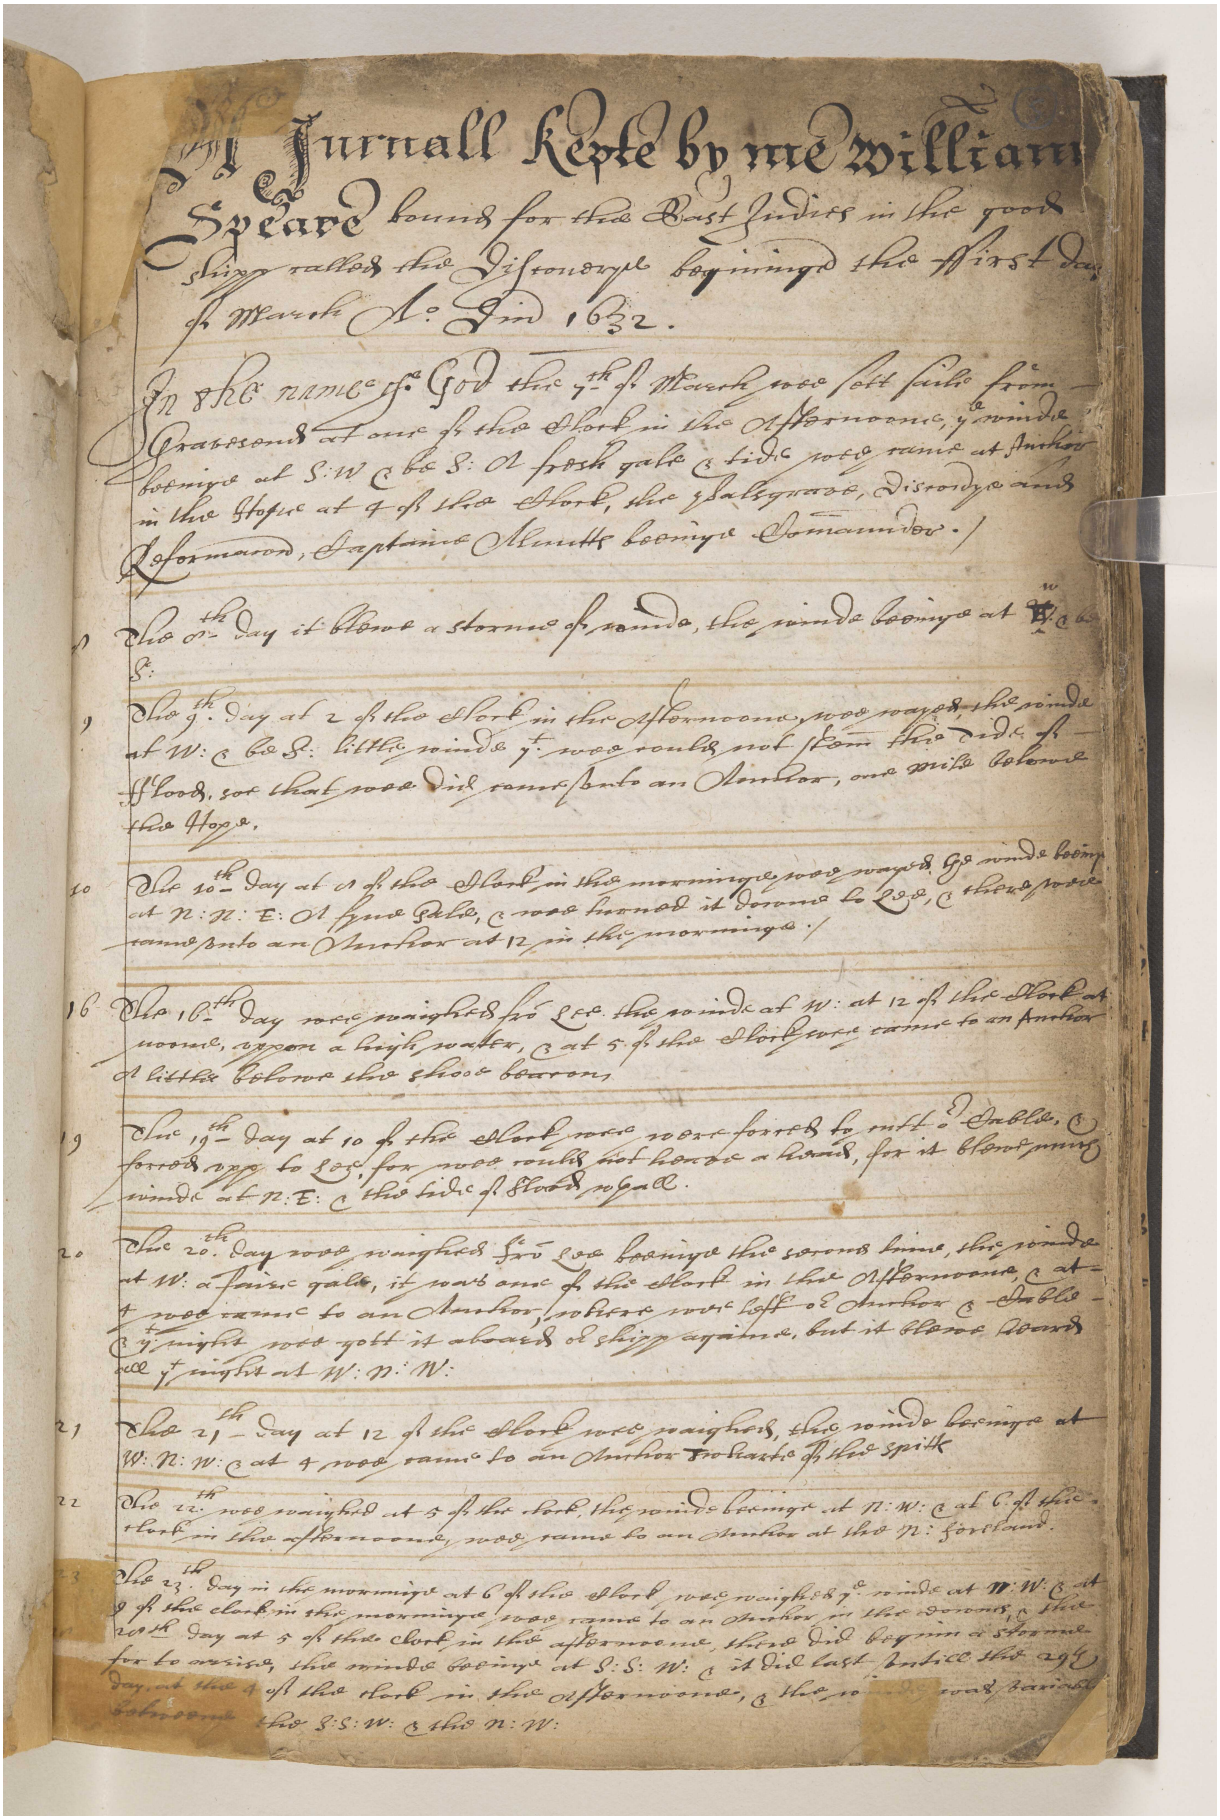
'A jurnall kepte by me William Speare bound for the East Indies in the good Shipp Discovery begininge the firste day of Marche Anno dm 1632' [5r] (14/274)



A Jurnall Kepte by me William Speare bound for the East Indies in the good Shipp called the Discoverye begininge the first day of March Ao Dni 1632.

In the name of God the 7th of March wee sett saile from Gravesend at one of the Clock in the Afternoone, ye winde beeinge at S:W & be S: A fresh gale & tide wee came at Anchor in the Hope at 4 of the Clock, the Walsgrave, Discovye and Reformacon, Captaine Muntts beeinge Comaunder./

8 The 8th day it blewe a storme of winde, the winde beeinge at W: & be S:

9 The 9th day at 2 of the Clock in the Afternoone, wee wayed, the winde at W: & be S: little winde yt wee could not stem the tide of Flood, soe that wee did come unto an Anchor, one mile belowe the Hope.

10 The 10th day at 8 of the Clock in the morninge wee wayed, ye winde beeinge at N:N:E: A fyne Gale, & wee turned it downe to Lee, & there wee came unto an Anchor at 12 in the morninge./

16 The 16th day wee waighed fro Lee the winde at W: at 12 of the Clock at noone, uppon a high water, & at 5 of the Clock wee came to an Anchor A little belowe the shoe beacon,

19 The 19th day at 10 of the Clock wee were forced to cutt ot Table, & forced upp to Lee, for wee could not heave a head, for it blewe much winde at N:E: & the tide of Flood wyall.

20 The 20th day wee waighed fro Lee beeinge the second time, the winde at W: a faire gale, it was one of the Clock in the Afternoone, & at 4 wee came to an Anchor, where wee left ot Anchor & Table & yt night wee gott it aboard ot shipp againe, but it blewe heard all yt night at W:N:W:

21 The 21th day at 12 of the Clock wee waighed, the winde beeinge at W:N:W: & at 4 wee came to an Anchor Twharte of the spitt

22 The 22th wee waighed at 5 of the clock, the winde beeinge at N:W: & at 6 of the clock in the afternoone, wee came to an Anchor at the N: foreland.

23 The 23th day in the morninge at 6 of the Clock wee waighed ye winde at N:W: & at 9 of the clock in the morninge wee came to an Anchor in the downes, & the 24th day at 5 of the clock in the afternoone, there did begin a storme for to arrise, the winde beeinge at S:S:W: & it did last untill the 29th day, at the 4 of the clock in the Afternoone, & the winde was variable betweene the S:S:W: & the N:W:

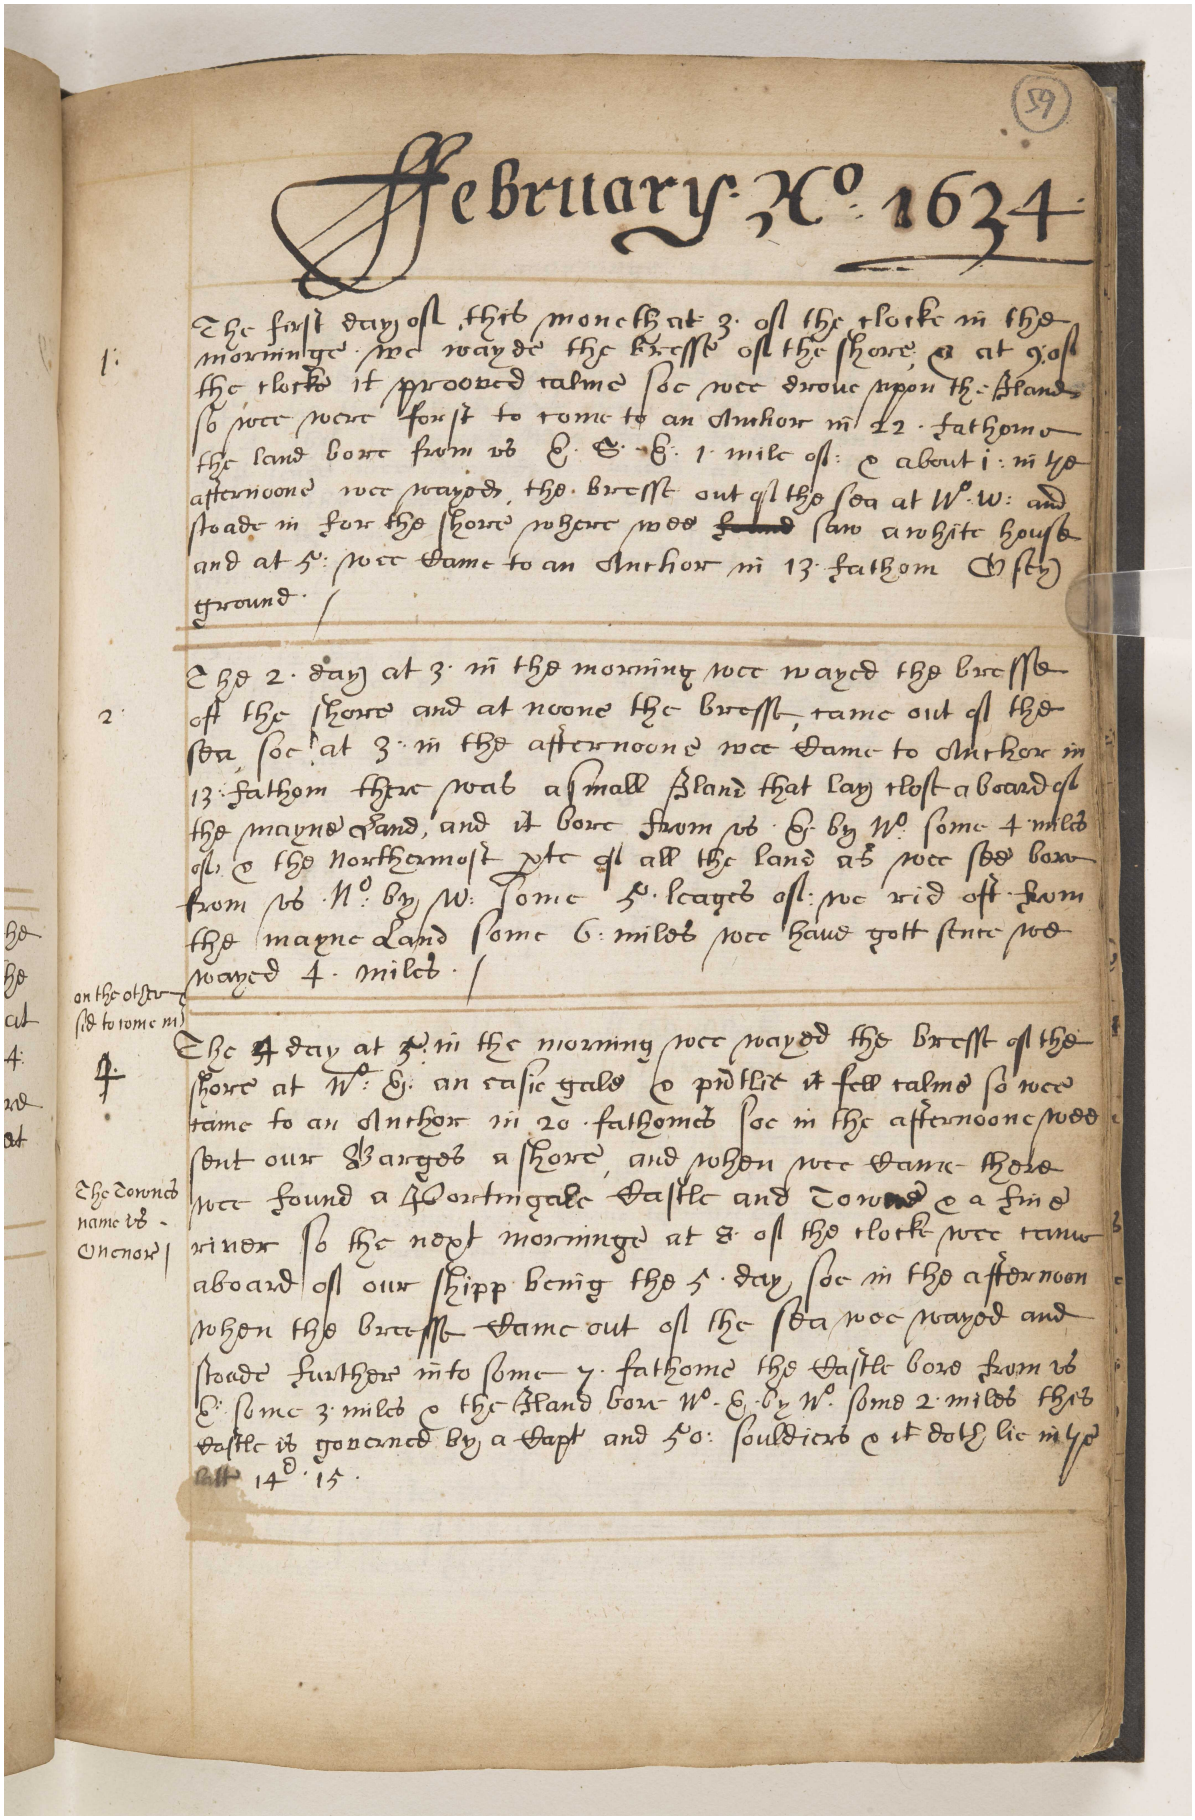
'A jurnall kepte by me William Speare bound for the East Indies in the good Shipp Discovery begininge the firste day of Marche Anno dm 1632' [59r] (122/274)



February Ao 1634

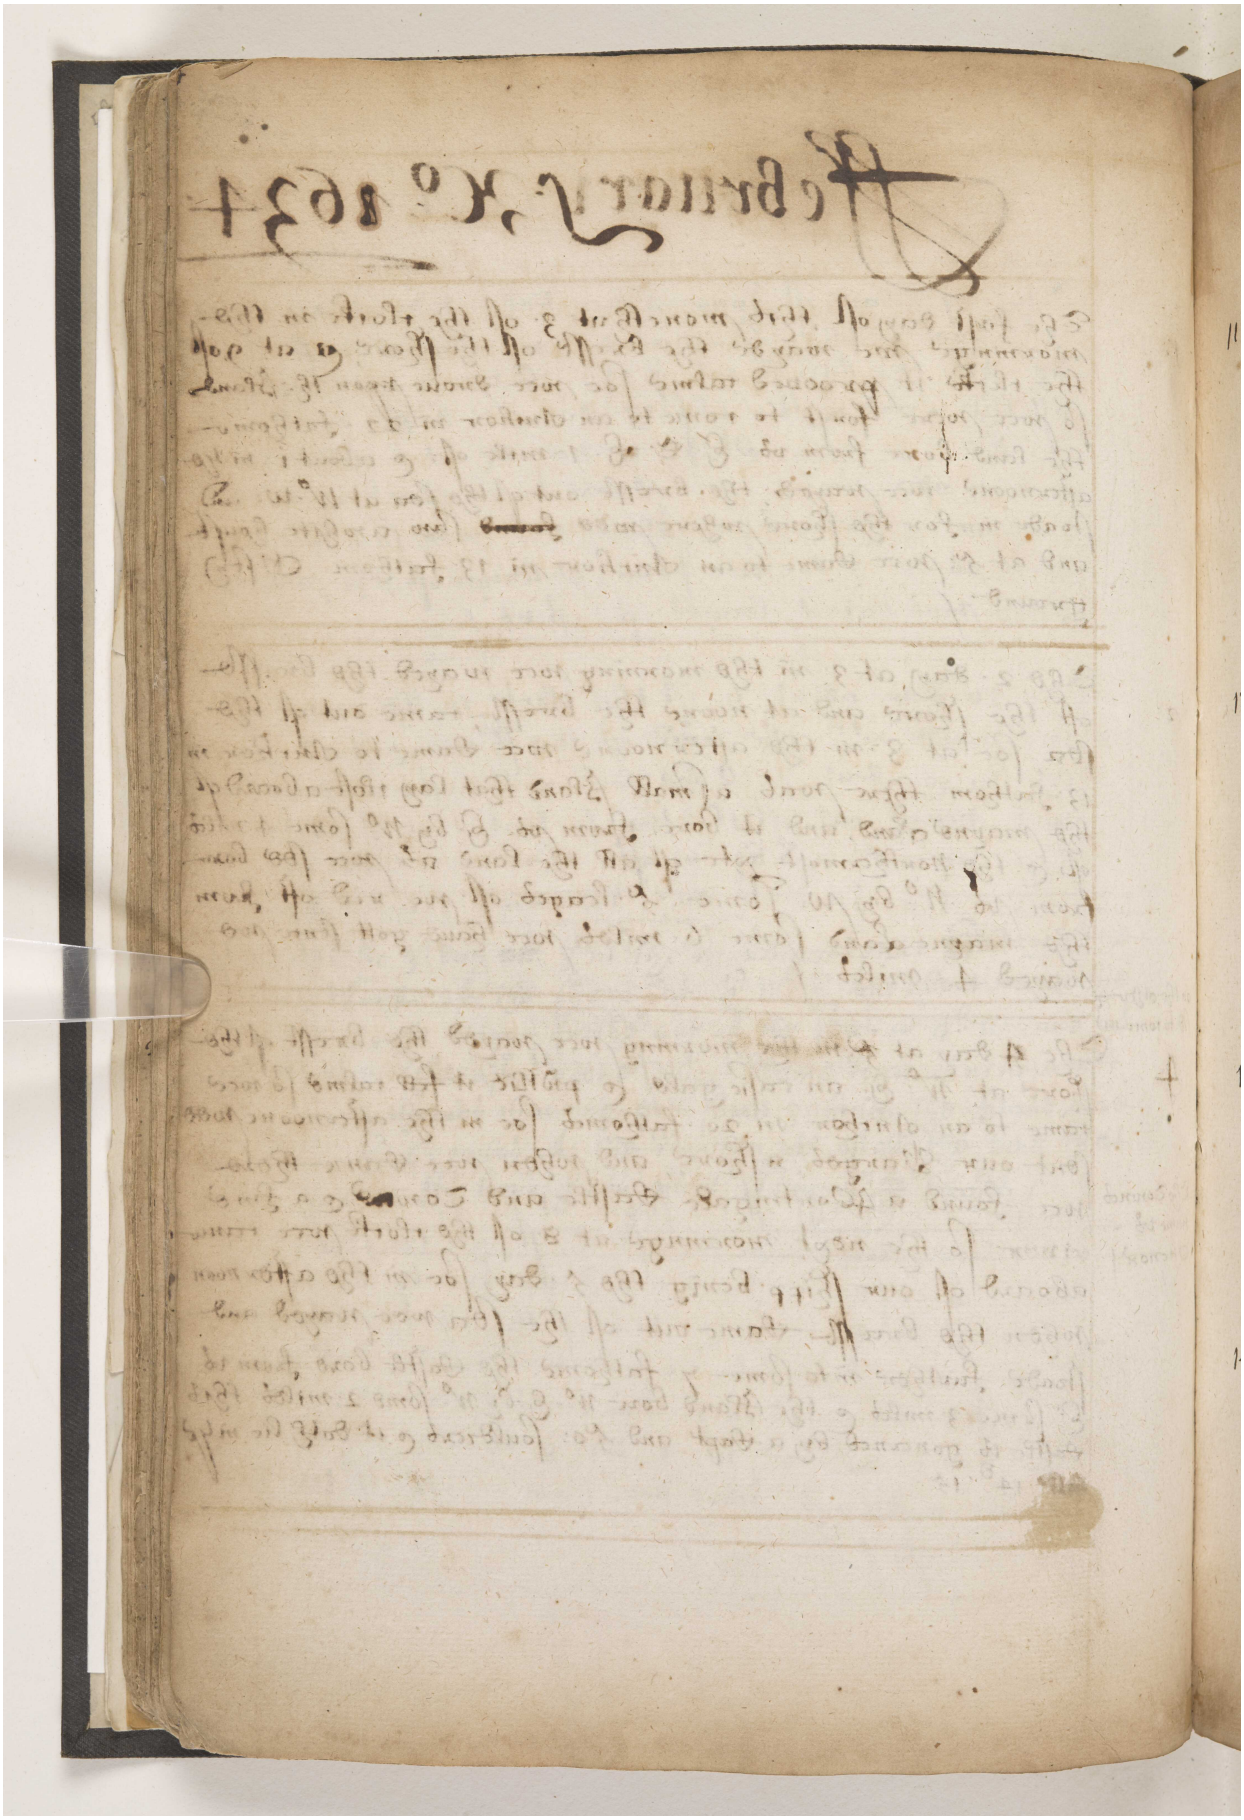
1. The first day of this moneth at 3. of the clocke in the morninge we wayde the bresse of the shore, & at 9. of the clocke it prooved calme soe wee droue upon the Island so wee were forst to come to an Anchor in 22. fathome the land bore from us E. S. E. 1 mile of: & about 1: in the afternoone wee wayed the bresse out of the sea at W. W: and stoade in for the shore where wee ~~found~~ saw a white house and at 5: wee came to an Anchor in 13. fathom Osey ground.

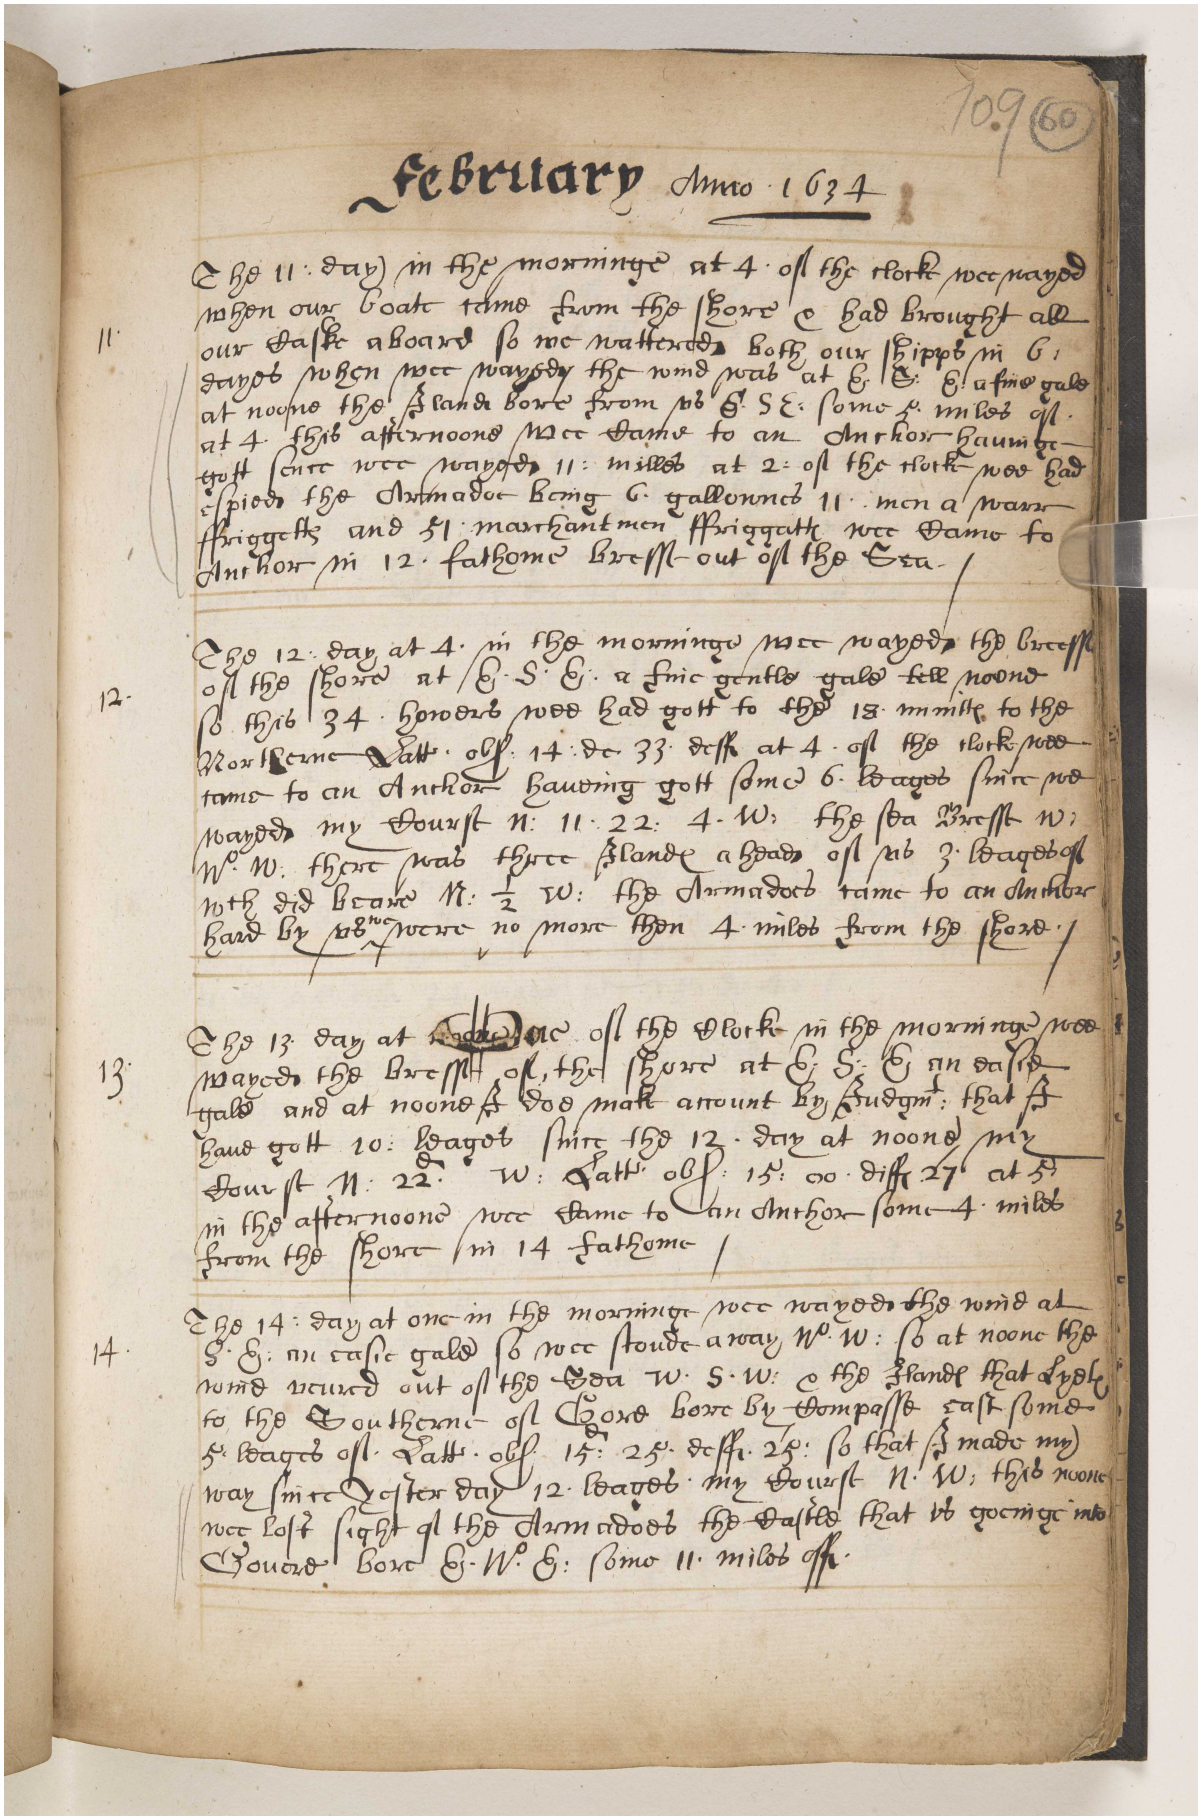
2. The 2. day at 3. in the morning wee wayed the bresse off the shore and at noone the bresse came out of the sea, soe at 3. in the afternoone wee came to Anchor in 13. fathom there was a small Island that lay close aboard of the mayne Land, and it bore from us E. by W. some 4 miles of: & the northermost pte of all the land as wee see bore from us N. by W. some 5. leages of: we rid off from the mayne Land some 6. miles wee haue gott sence we wayed 4. miles.

on the other side to come in

4. The 4 day at 5. in the morning wee wayed the bresse of the shore at W. E. an easie gale & pitlie it fell calme so wee came to an Anchor in 20. fathomes soe in the afternoone wee sent our Barges a shore, and when wee came there wee found a Portingale Castle and Towne & a fine river so the next morninge at 8. of the clocke wee came aboard of our shipp being the 5. day, soe in the afternoon when the bresse came out of the sea wee wayed and stoade further into some 7. fathome the Castle bore from us E. some 3 miles & the Island bore W. E. by W. some 2 miles this Castle is governed by a Capt and 50: souldiers & it doth lie in the latt 14d. 15.

The Townes name is Onenor





109 (60)

ffebruary Anno 1634

11. The 11: day) in the morninge at 4. of the clock wee wayed when our boate came from the shore & had brought all our daske aboard so we watered both our shipps in G: Dayes when wee wayed the wind was at E. & E. & fine gale at noone the Lands bore from us S. SE: some 5. miles off. at 4. this afternoone wee came to an Anchor Faumbe-gott some wee wayed 11: miles at 2: of the clock wee had espied the Armadoe being 6. gallonnes 11. men a warr Briggetts and 51: marchantmen Briggatts wee came to Anchor in 12. fathome Breast out off the Sea.

12. The 12. day at 4. in the morninge wee wayed the Breast off the shore at E. S. E. a fine gentle gale till noone so this 34. houres wee had gott to the 18. mile to the Northerne Catt. obs: 14: de 33: desk at 4. of the clock wee came to an Anchor hauing gott some 6. leagues since wee wayed my Course N. 11. 22. W: the sea Breast W: W. W. there was three Islands a head off us 3. leagues off with did beare N. ½ W: the Armadoes came to an Anchor hard by us were no more then 4. miles from the shore.

13. The 13. day at one off the clock in the morninge wee wayed the Breast off the shore at E. S. E. an easie gale and at noone is wee make account by Iudgm: that is haue gott 10: leagues since the 12. day at noone my Course N. 22. W: Catt. obs: 15: 00. diff 27. at 5 in the afternoone wee came to an Anchor some 4. miles from the shore in 14 fathome.

14. The 14: day at one in the morninge wee wayed the wind at S. E. an easie gale so wee stoode away W. W: so at noone the wind veered out off the Sea W. S. W: & the Lande that lyes to the Southerne off Cape bore by compasse east some 5. leagues off. Catt. obs: 15: 25. desk. 25: so that is made my way since Easter day 12. leagues. my Course N. W; this noone wee lost sight of the Armadoes the Castle that lie comminge into Cawsand bore E. W. E: some 11. miles off.

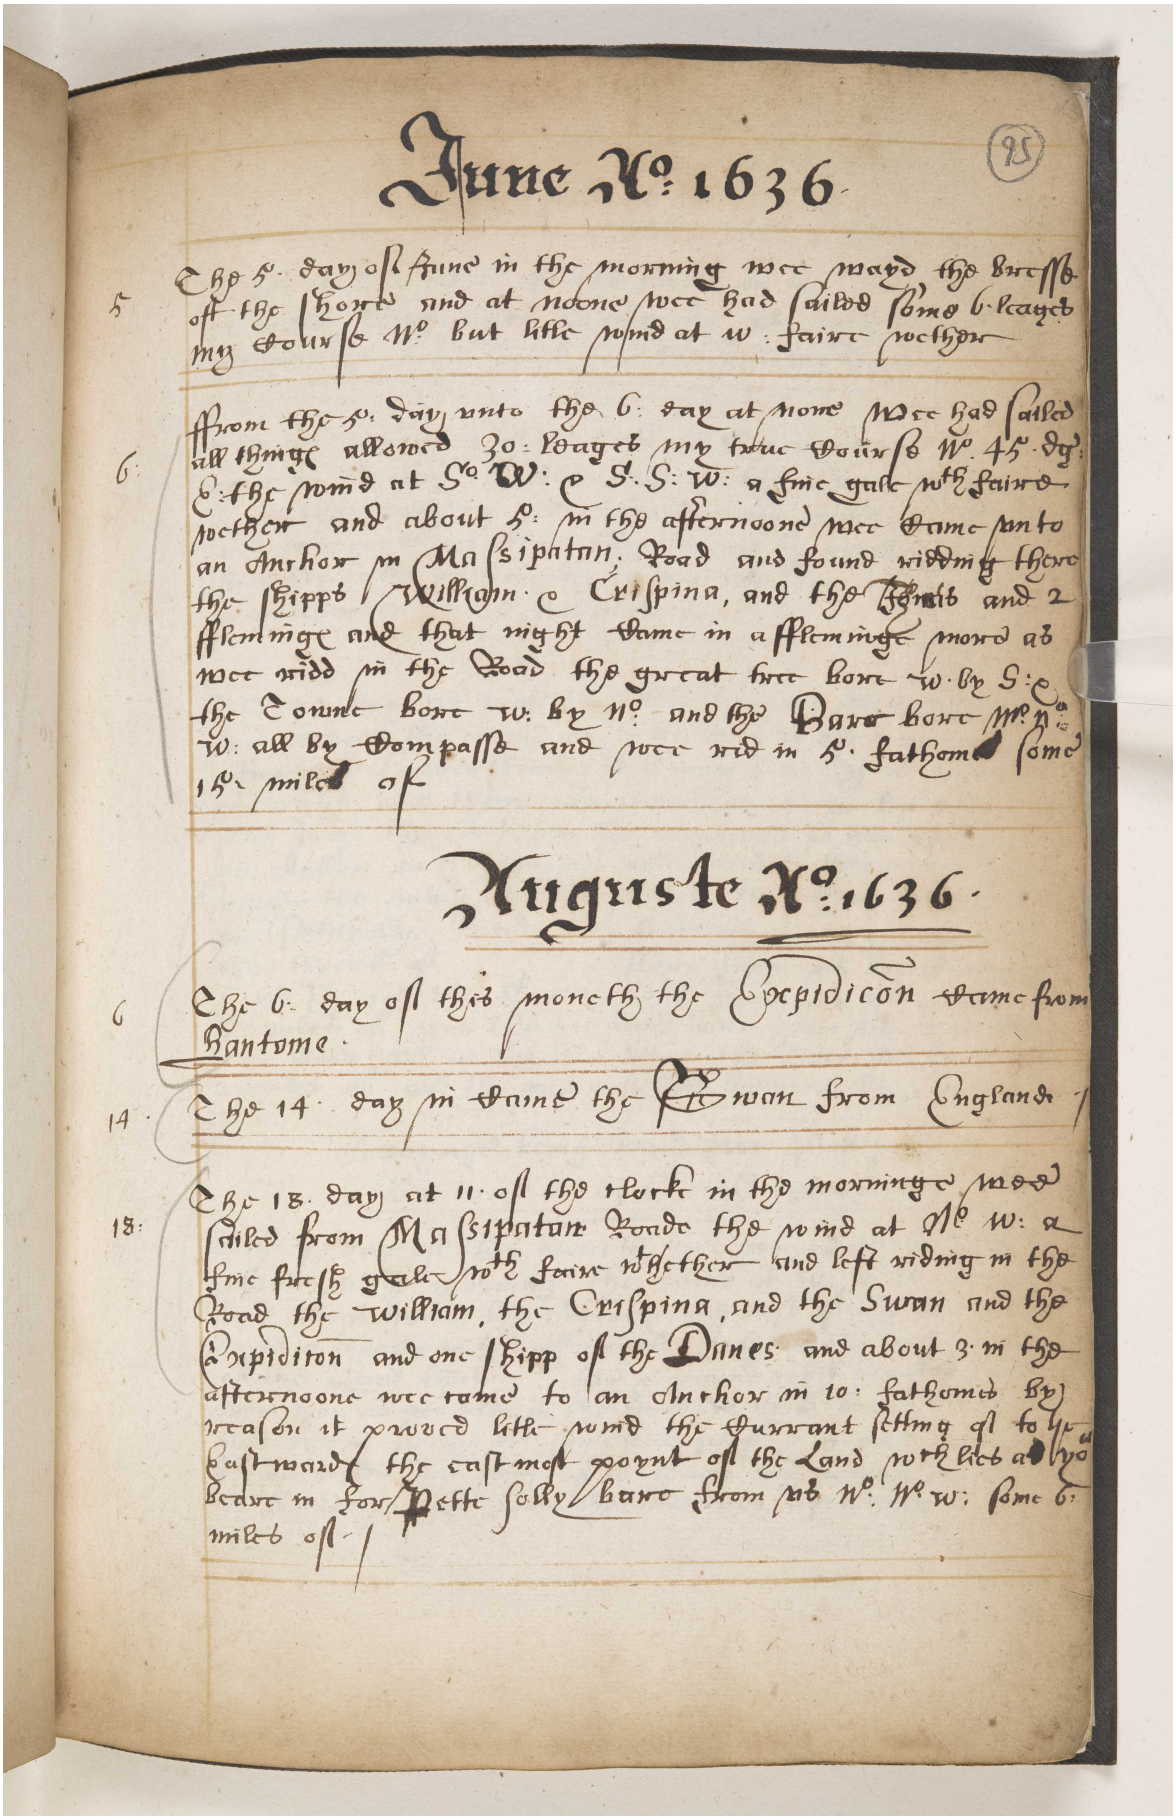
'A jurnall kepte by me William Speare bound for the East Indies in the good Shipp Discovery begininge the firste day of Marche Anno dm 1632' [95r] (194/274)



June No: 1636

5 The 5. day ost June in the morning wee wayd the bresse
ost the shore and at noone wee had sailed some 6. leages
my course No. but litle wind at W: faire wether

6. From the 5. day unto the 6. day at noone wee had sailed
all thinge allowed 30: leages my true course No. 45. dg:
E: the wind at So. W: & S. S: W: a fine gale wth faire
wether and about 5: in the afternoone wee came unto
an Anchor in Massipatan Road and found ridding there
the shipps William & Crispina, and the Jonas and 2
flemingе and that night came in a flemingе more as
wee ridd in the Road the great tree bore W. by S: &
the Towne bore W: by No. and the Bare bore Mo. No.
W: all by Compasse and wee rid in 5. fathome some
15. miles ost

Auguste No: 1636

6 The 6. day ost this moneth the Expidicon came from
Bantome.

14. The 14. day in came the Swan from England

18: The 18. day at 11. ost the clocke in the morninge wee
sailed from Massipatan Roade the wind at No. W: a
fine fresh gale wth faire whether and left riding in the
Road the William, the Crispina, and the Swan and the
Expiditon and one shipp ost the Danes and about 3. in the
afternoone wee came to an Anchor in 10: fathomes by
reason it proved litle wind the durrant setting ost to ye
Eastward the east most poynt ost the Land wch lies as you
beare in for Pette solly bare from us No. No. W: some 6.
miles ost

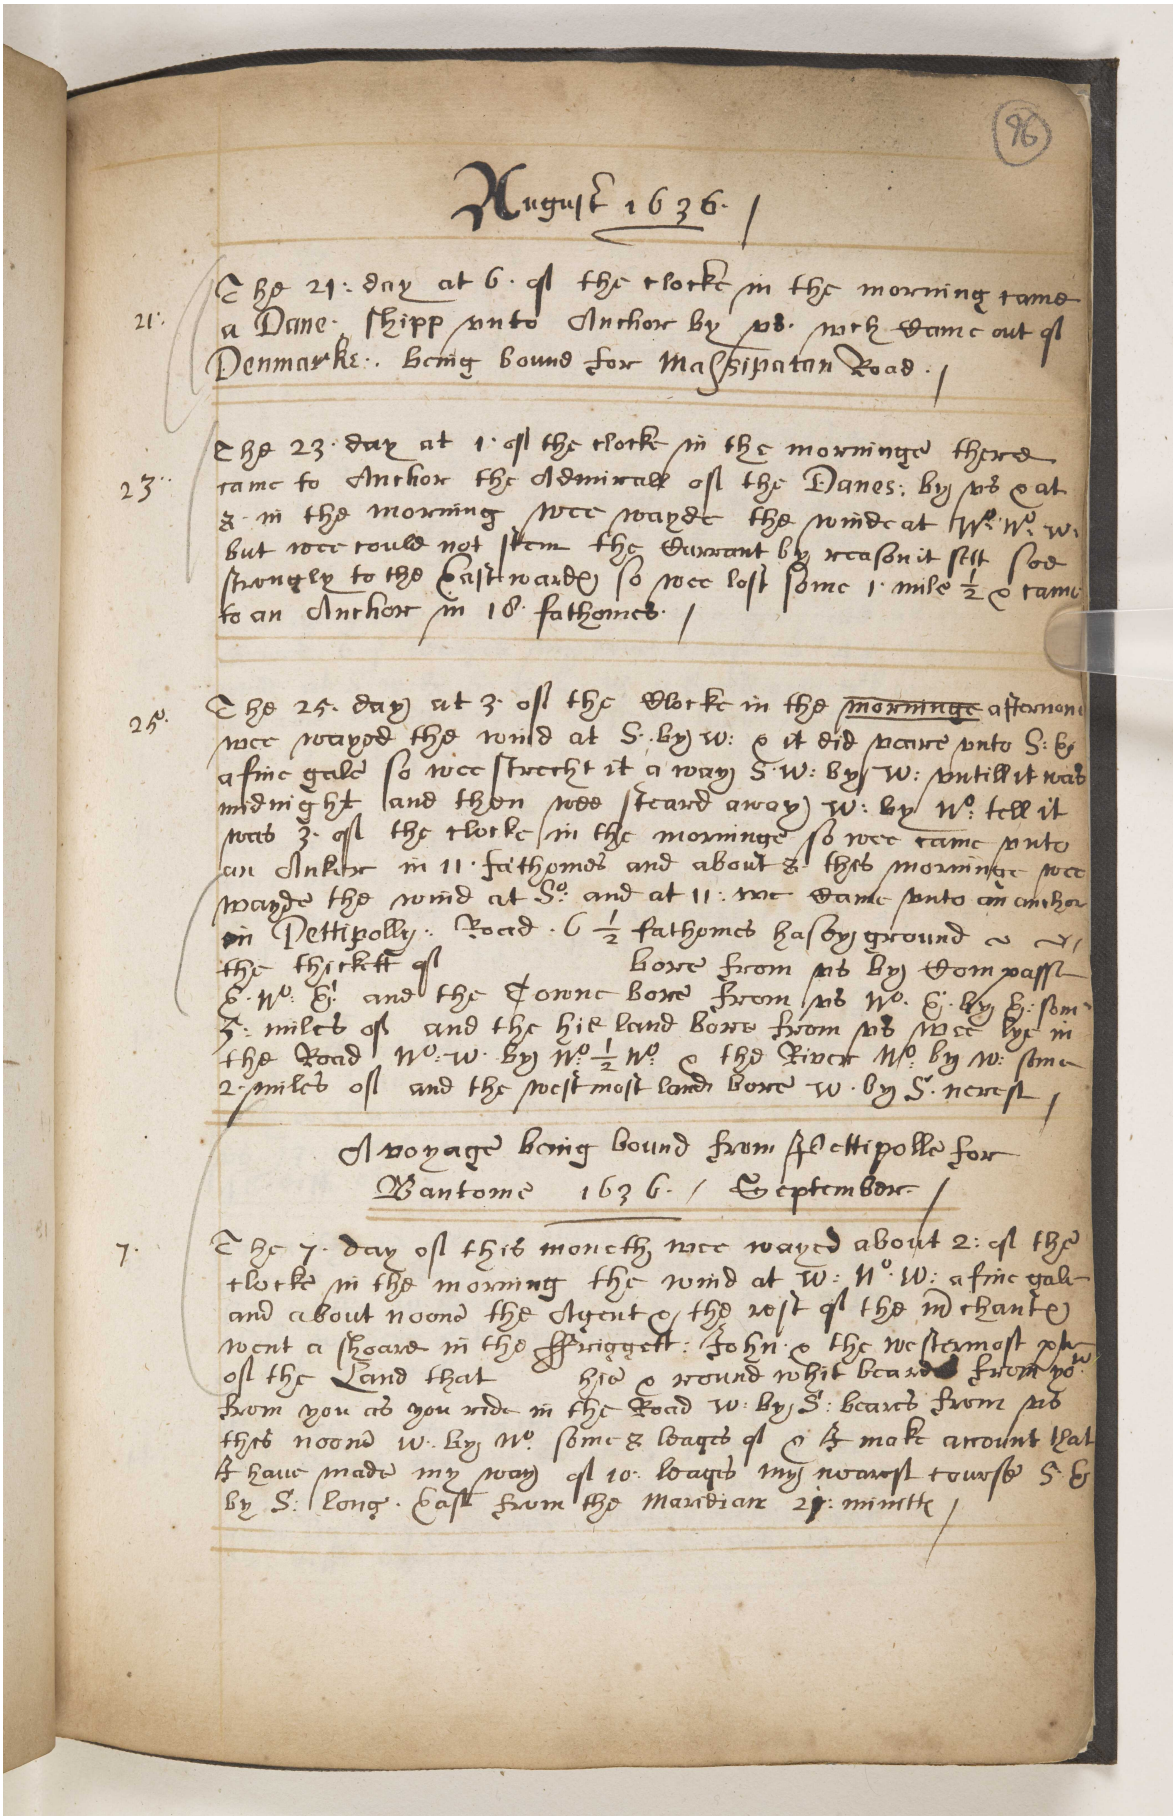
'A jurnall kepte by me William Speare bound for the East Indies in the good Shipp Discovery begininge the firste day of Marche Anno dm 1632' [96r] (196/274)



August 1636.

21. The 21. day at 6. of the clocke in the morning came a Dane. Shipp unto Anchor by us. wch came out of Denmarke. being bound for Massipatan Road.

23. The 23. day at 1. of the clocke in the morninge there came to Anchor the Admirall of the Danes. by us & at 8. in the morning wee wayde the winde at W. N. W. but wee could not stem the Currant by reason it sett soe strongly to the Eastwarde so wee lost some 1. mile ½ & came to an Anchor in 18. fathomes.

25. The 25. day at 3. of the Clocke in the ~~morninge~~ afternoon wee wayed the wind at S. by W. & it did veare unto S. E. a fine gale so wee strecht it a way S. W. by W. untill it was midnight and then wee steard away W. by N. tell it was 3. of the clocke in the morninge so wee came unto an Anker in 11. fathomes and about 8. this morninge wee wayde the wind at S. and at 11. we came unto an anchor in Pettipolly. Road. 6 ½ fathomes hasey ground ~ ~ the thickett of bore from us by Compass E. N. E. and the Towne bore from us N. E. by E. some 5. miles of and the hie land bore from us wee lye in the Road N. W. by N. ½ N. & the River N. by W. some 2. miles of and the westmost land bore W. by S. nerest.

A voyage being bound from Pettipolle for Bantome 1636. / September.

7. The 7. day of this moneth wee wayed about 2. of the clocke in the morning the wind at W. N. W. a fine gale and about noone the Agent & the rest of the merchants went a shoare in the Friggett. John & the westermost pte of the Land that hie & round whit beares from you from you as you ride in the Road W. by S. beares from us this noone W. by N. some 8 leages of & I make account that I have made my way of 10. leages my nearest course S. E. by S. long. East from the Maridian 21. minutt.

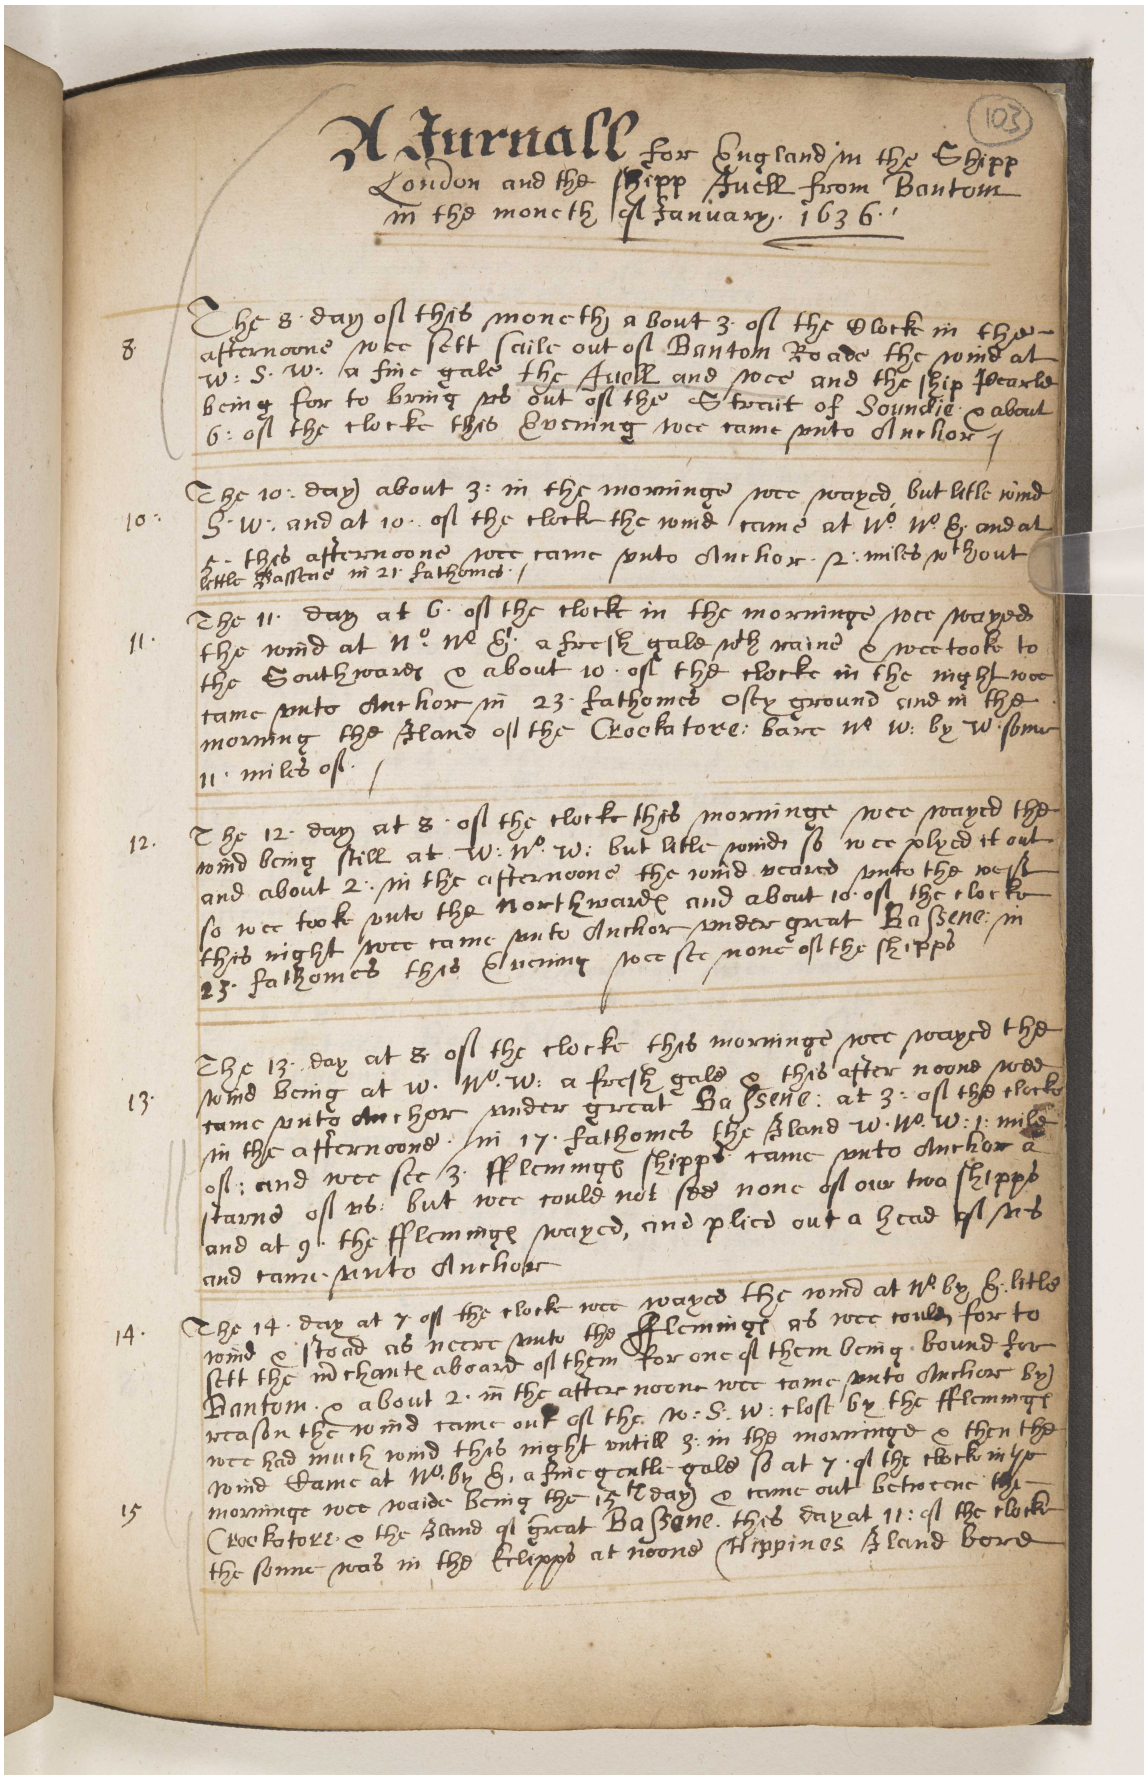
'A jurnall kepte by me William Speare bound for the East Indies in the good Shipp Discovery begininge the firste day of Marche Anno dm 1632' [103r] (210/274)



A Jurnall for England in the Shipp London and the Shipp Juell from Bantom in the moneth of January 1636.

8 The 8 day of this moneth about 3 of the clocke in the afternoone wee sett saile out of Bantom Roade the wind at W: S. W: a fine gale the Juell and wee and the ship Pearle being for to bring us out of the Strait of Soundie & about 6: of the clocke this Evening wee came unto Anchor /

10 The 10: day about 3: in the morninge wee wayed, but litle wind S. W: and at 10: of the clocke the wind came at W. N. E. and at 5: this afternoone wee came unto Anchor 2: miles without little Bassene in 21 fathomes /

11 The 11: day at 6: of the clocke in the morninge wee wayed the wind at N. N. E. a fresh gale with raine & wee tooke to the Southwards & about 10: of the clocke in the night wee came unto Anchor in 23 fathomes osey ground and in the morning the Island of the Crockatore: bare N. W: by W: some 11: miles of /

12 The 12: day at 8: of the clocke this morninge wee wayed the wind being still at W: N. W: but litle winds so wee plyed it out and about 2: in the afternoone the wind veared unto the west so wee tooke unto the Northwards and about 10: of the clocke this night wee came unto Anchor under great Bassene: in 23 fathomes this Evening wee see none of the shipps

13 The 13: day at 8 of the clocke this morninge wee wayed the wind being at W. N. W: a fresh gale & this after noone wee came unto Anchor under great Bassene: at 3: of the clocke in the afternoone in 17 fathomes the Island W. N. W: 1: mile of: and wee see 3 Flemings shipps came unto Anchor a starne of us: but wee could not see none of our two shipps and at 9: the Flemings wayed, and plied out a head of us and came unto Anchor

14 The 14: day at 7 of the clocke wee wayed the wind at N. by E. litle wind & stood as neere unto the Flemings as wee could for to sett the merchants aboard of them for one of them being bound for Bantom & about 2: in the after noone wee came unto Anchor by reason the wind came out of the W: S. W: close by the Flemings wee had much wind this night untill 3: in the morninge & then the wind came at N. by E. a fine gentle gale so at 7: of the clocke in the morninge wee waide being the 15th day & came out betweene the Crockatore & the Island of great Bassene. this day at 11: of the clocke the sonne was in the Eclipps at noone Hippines Island bore
