### حول هذا السجل

يتألف هذا الملف بشكل رئيسي من مذكرات بقلم جورج ناثانيال كرزون حول مسائل تتعلق ببلاد فارس. كتبت معظم المذكرات على أنواع مختلفة من الأوراق الحكومية، أغلبها من مكتب الهند، ووزارة الخارجية، ومجلس العموم، ونادي كارلتون في وايت هول. بعض المذكرات مصنفة على أنها سرية أو ذات طابع سري، في حين أن بعضها الآخر يشير إلى مراسلات واردة.

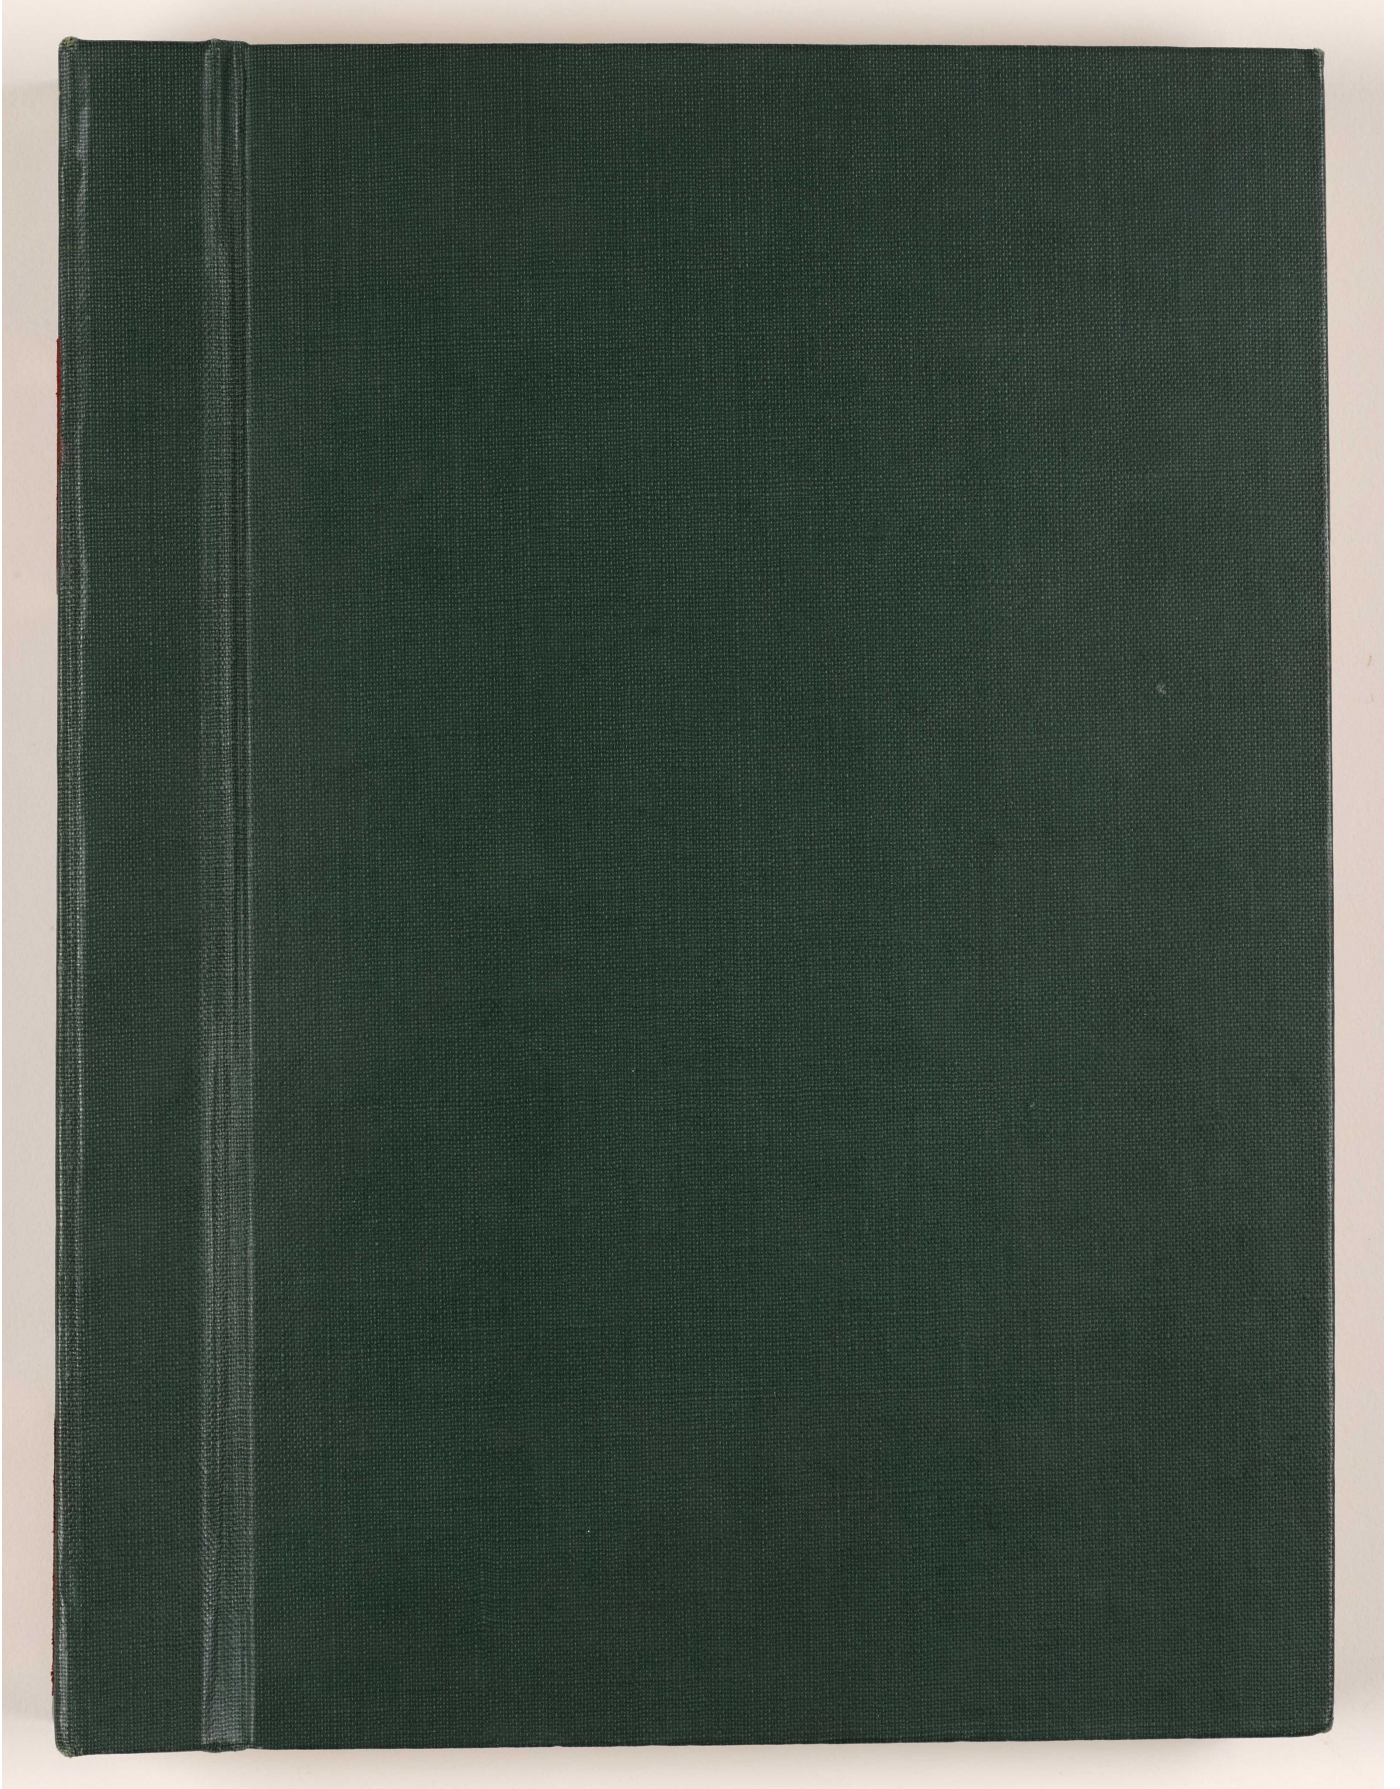

وبالإضافة إلى هذه المذكرات، يتضمن الملف عددًا قليلاً من المراسلات الواردة، بما في ذلك رسائل من هنري جورج جيرالد كادوجان وإ. ك. رينجلر تومسون، القنصل العام البريطاني في مشهد.

يضم الملف أيضاً ما يلي: صورة للسلطان مسعود ميرزا قاجار ظل السلطان، الأمير الفارسي من سلالة القاجار وحاكم أصفهان؛ مذكرة تاريخية موجزة باللغة الفارسية حول العلاقة بين الزعيم الأوزبكي

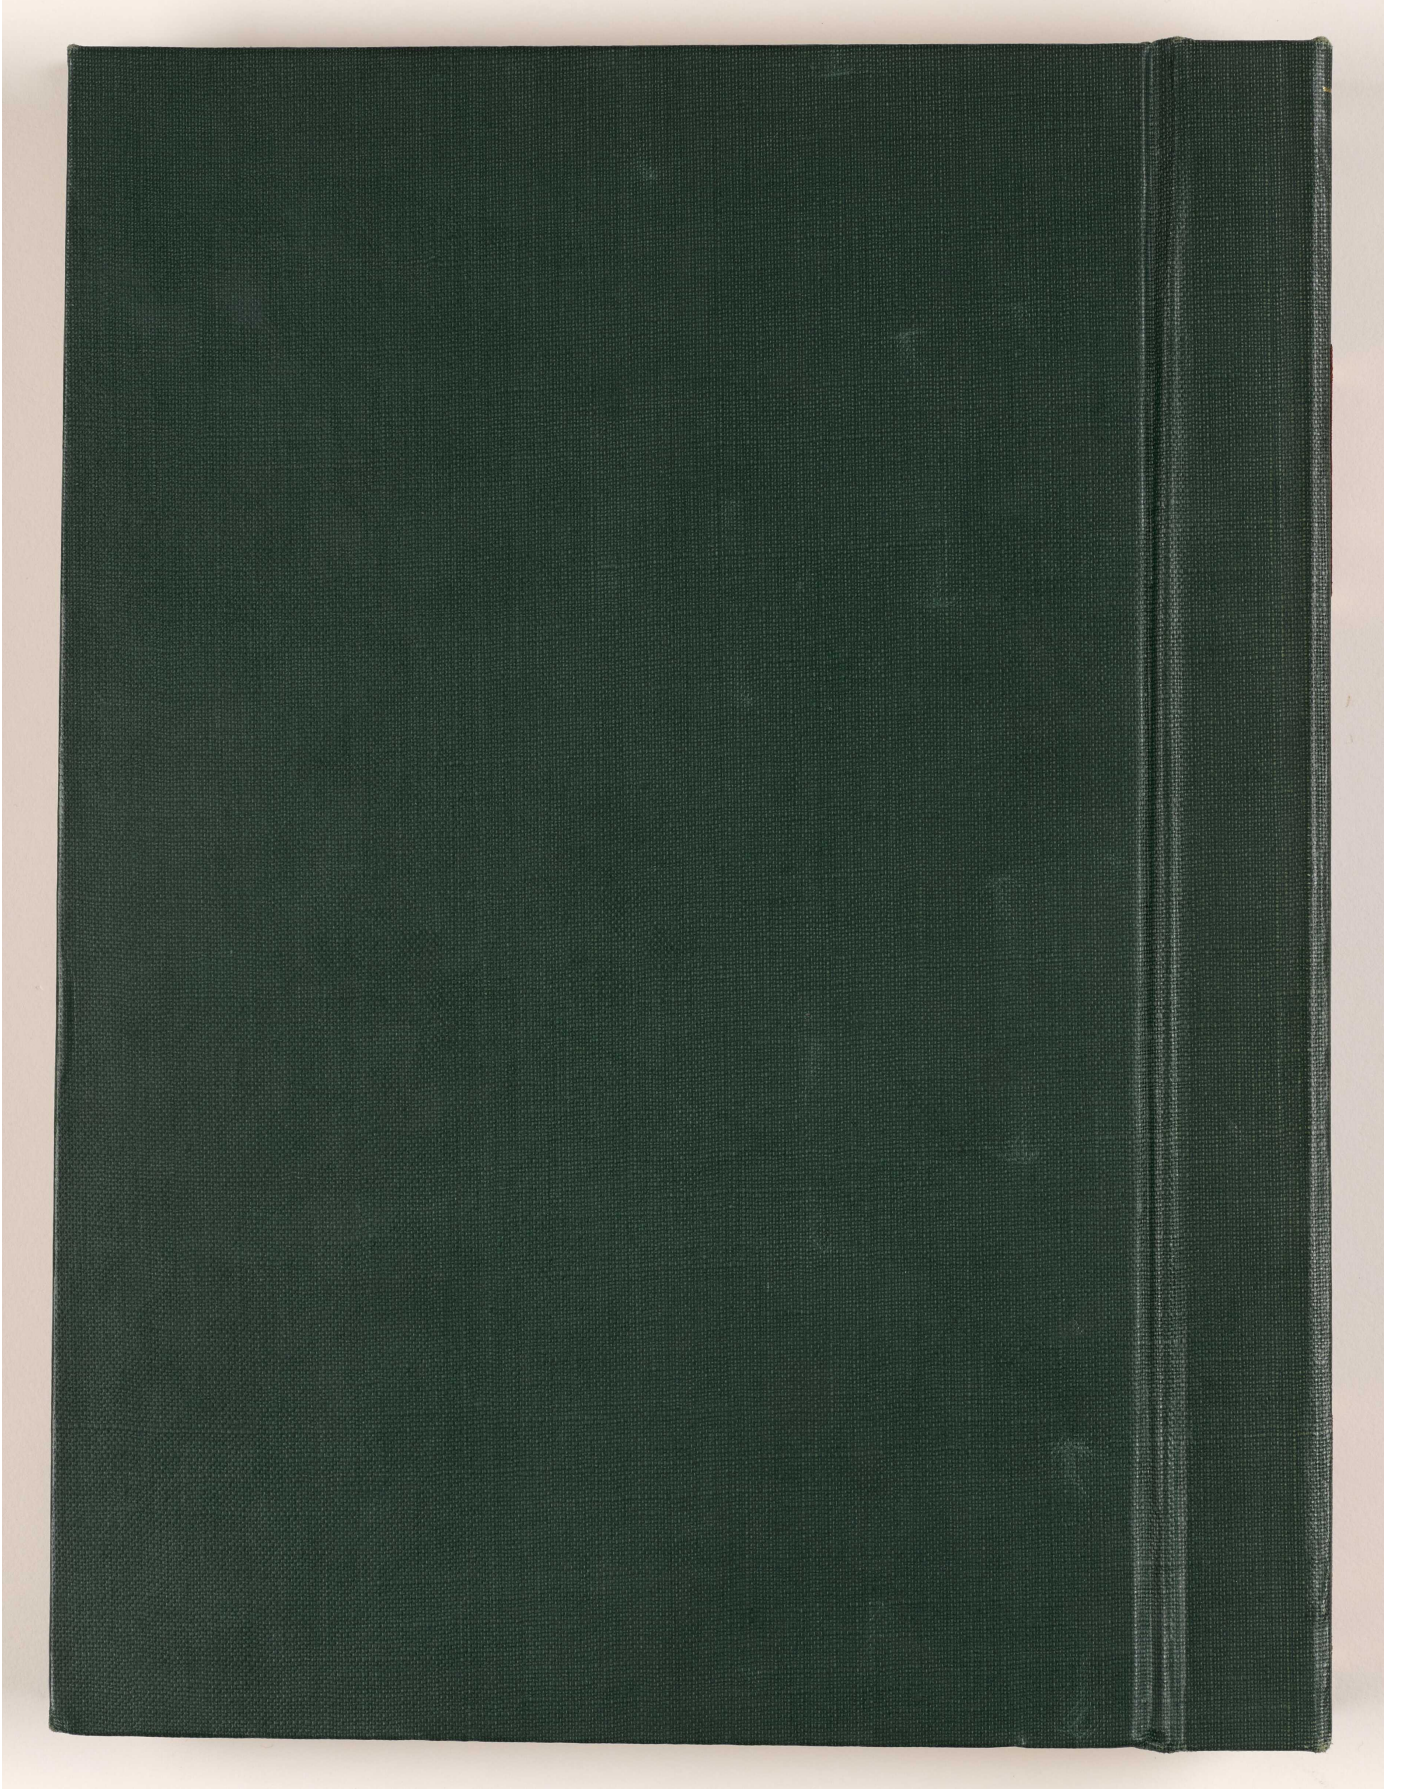

محمد شيباني خان وشاه بلاد فارس إسماعيل الأول؛ خريطة للطرف الشمالي الشرقي من شبه الجزيرة العربية.

الكثير من المواد غير مؤرخة، لكن المواد المؤرخة تشير إلى نطاق زمني تقريبي للفترة ١٨٩٢-١٨٩٨.

are "Survey of India" and thereby  
keeps an anomaly which I  
beg leave to introduce to your  
notice. The Indian Intelligence Dept  
is a small - circumscribed branch  
of the G. I. Dept, and is  
quite unable to undertake  
its own topography. Hence quite  
3/4 of its duties are carried  
out by a Civil Dept which is  
called in to its aid. My party  
(of the Survey of India) is usually  
"lent" to the military for this  
purpose and all hands further  
work now falls to it. Thus we  
are only military in the sense  
that every commissioned officer  
is military, and we are classed  
as civilians in the field both  
by Indian & our own authorities.  
This is, I need hardly say, most  
unsatisfactory to the officers  
concerned, who being neither  
Civilian military - nor exactly

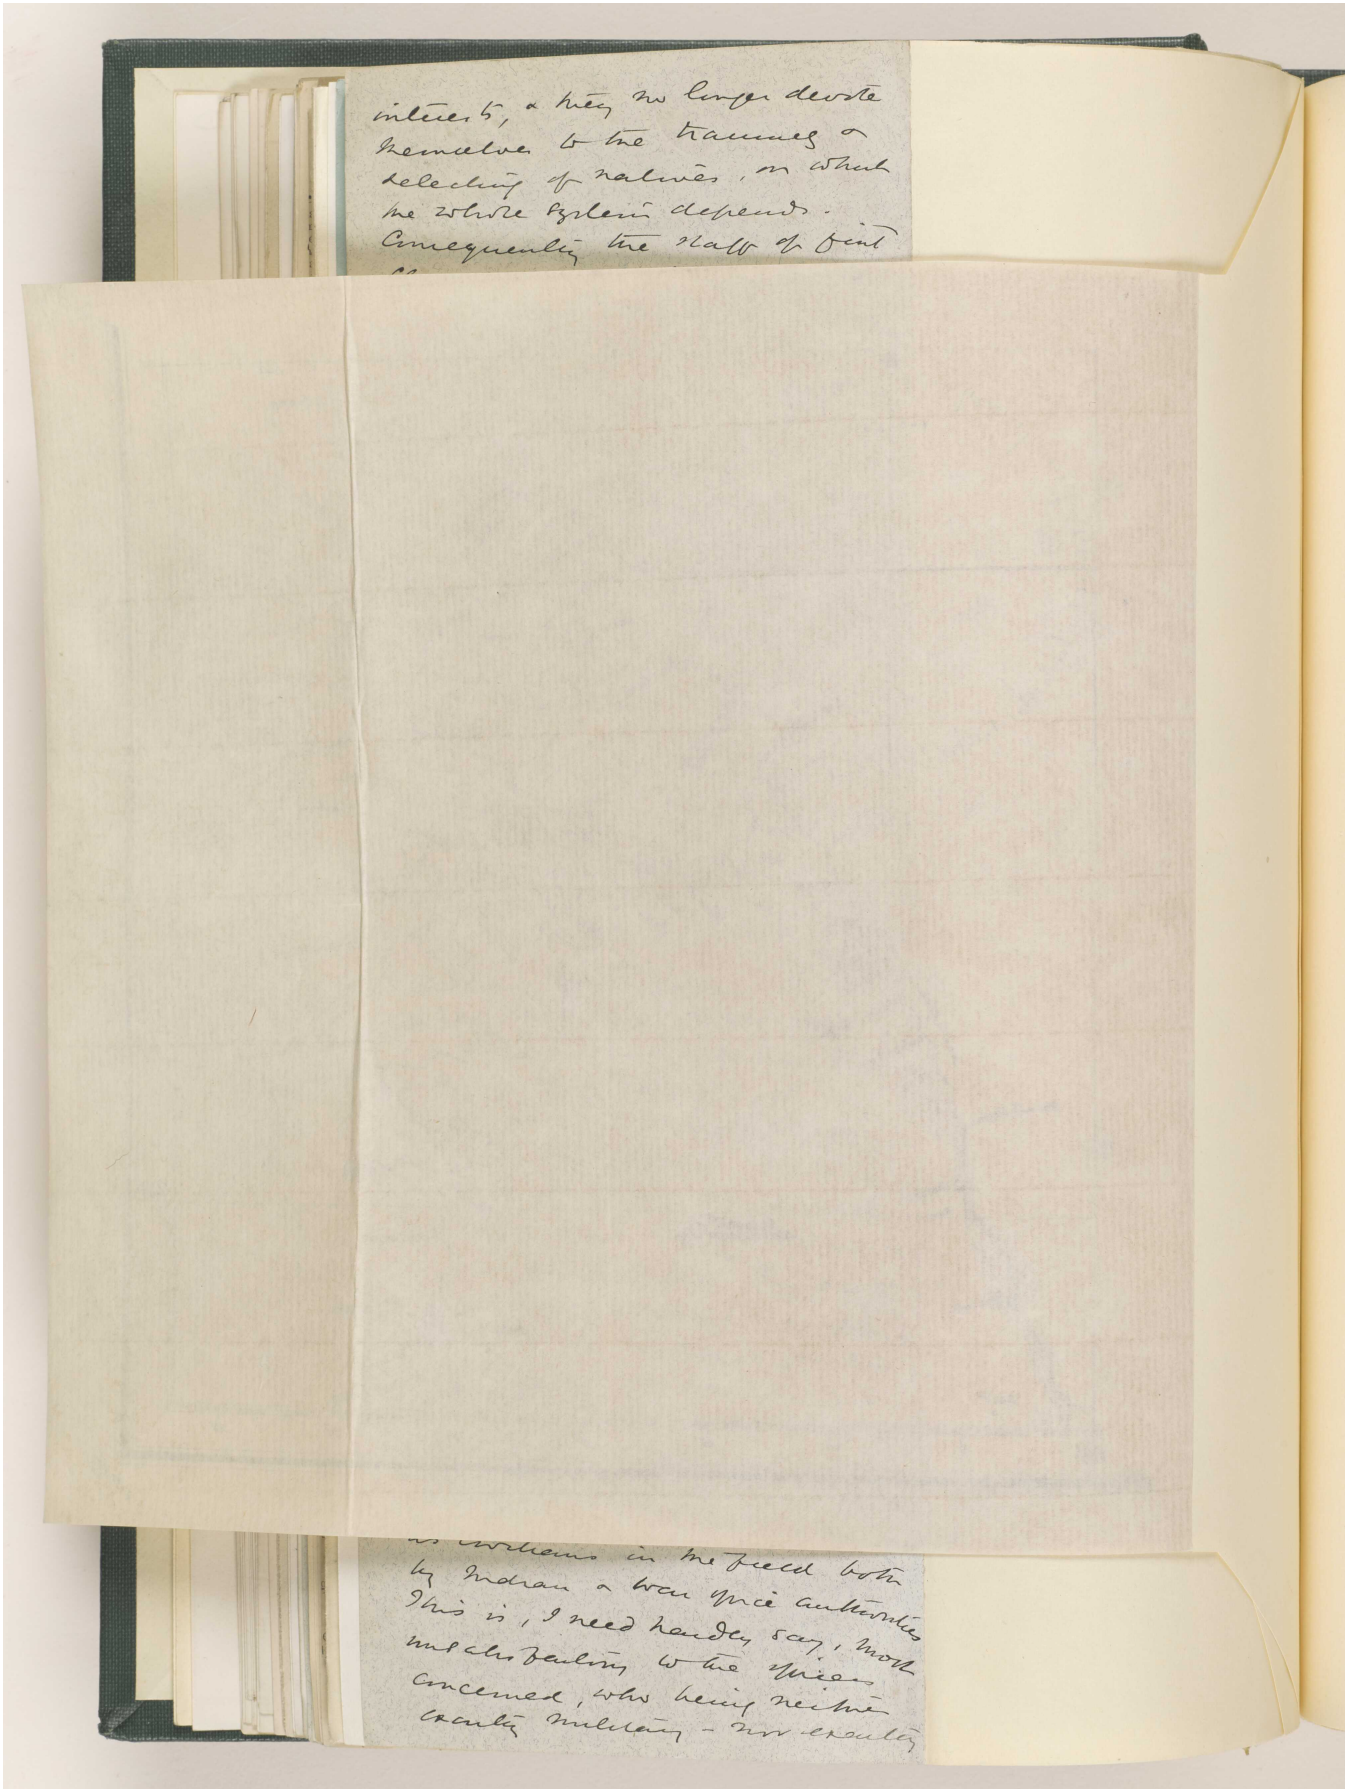

103  
and are generally unrecognized  
in actual service, unless they  
manage to evade survey duties  
& attach themselves to some thing  
else. I should not however  
trouble you with this view of  
the matter, only that after  
a long sojourn in the frontier,  
& being near the end of my  
Indian career, I am in a  
position to judge what the  
effect is on the system which  
is the only one so far that has  
been found capable of dealing  
with such enormous areas  
of unenclosed country as we  
have had to deal with in the  
last 20 years, & what is  
worth support so long as  
enormous areas ( & these in  
Asia or Africa ) remain  
open are rather shy now of  
accepting a position which  
so much threatens their dignity.

that day, and so  
man!  
uscitation prospers

ready to play in

You must pay  
ask you. [Why?  
But want by land

in some weak moment of Persia's <sup>108</sup>

How? Says the Shah  
Imperial Bank says But you  
[knowing<sup>2</sup>] that the Bank will demand  
Persian half customs as security -  
that these are Amir's pet source of  
irregular income, that therefore  
he will give them, and that if  
he did, Russia would jump on  
any idea of hypothecating national  
revenues for English capitalists ]  
So the matter stands Mich 18.  
Bank Board in London haven't  
yet replied - but I prophesy that  
above will take place & that  
Russians will lend the money -  
But for this move of  
(to Persian request in loan) But you's

Shah wd. never have paid 1/2 a  
million. As his (and supposing money  
comes from Russia (with Northern  
Customs as security [another good  
stroke]) the Russians will then  
have ample leisure to undermine  
the Bank as they did the Tobacco.

Take your money out of it  
all here. Our influence &  
commerce in the north & centre  
of this country is as lost to us  
as the fresh air to the Jew. As  
Russel said of Henne (notre) avenir

Someday when (as I hope  
I believe) you control England  
Britain and foreign politics, you  
will have sure find means to  
come to

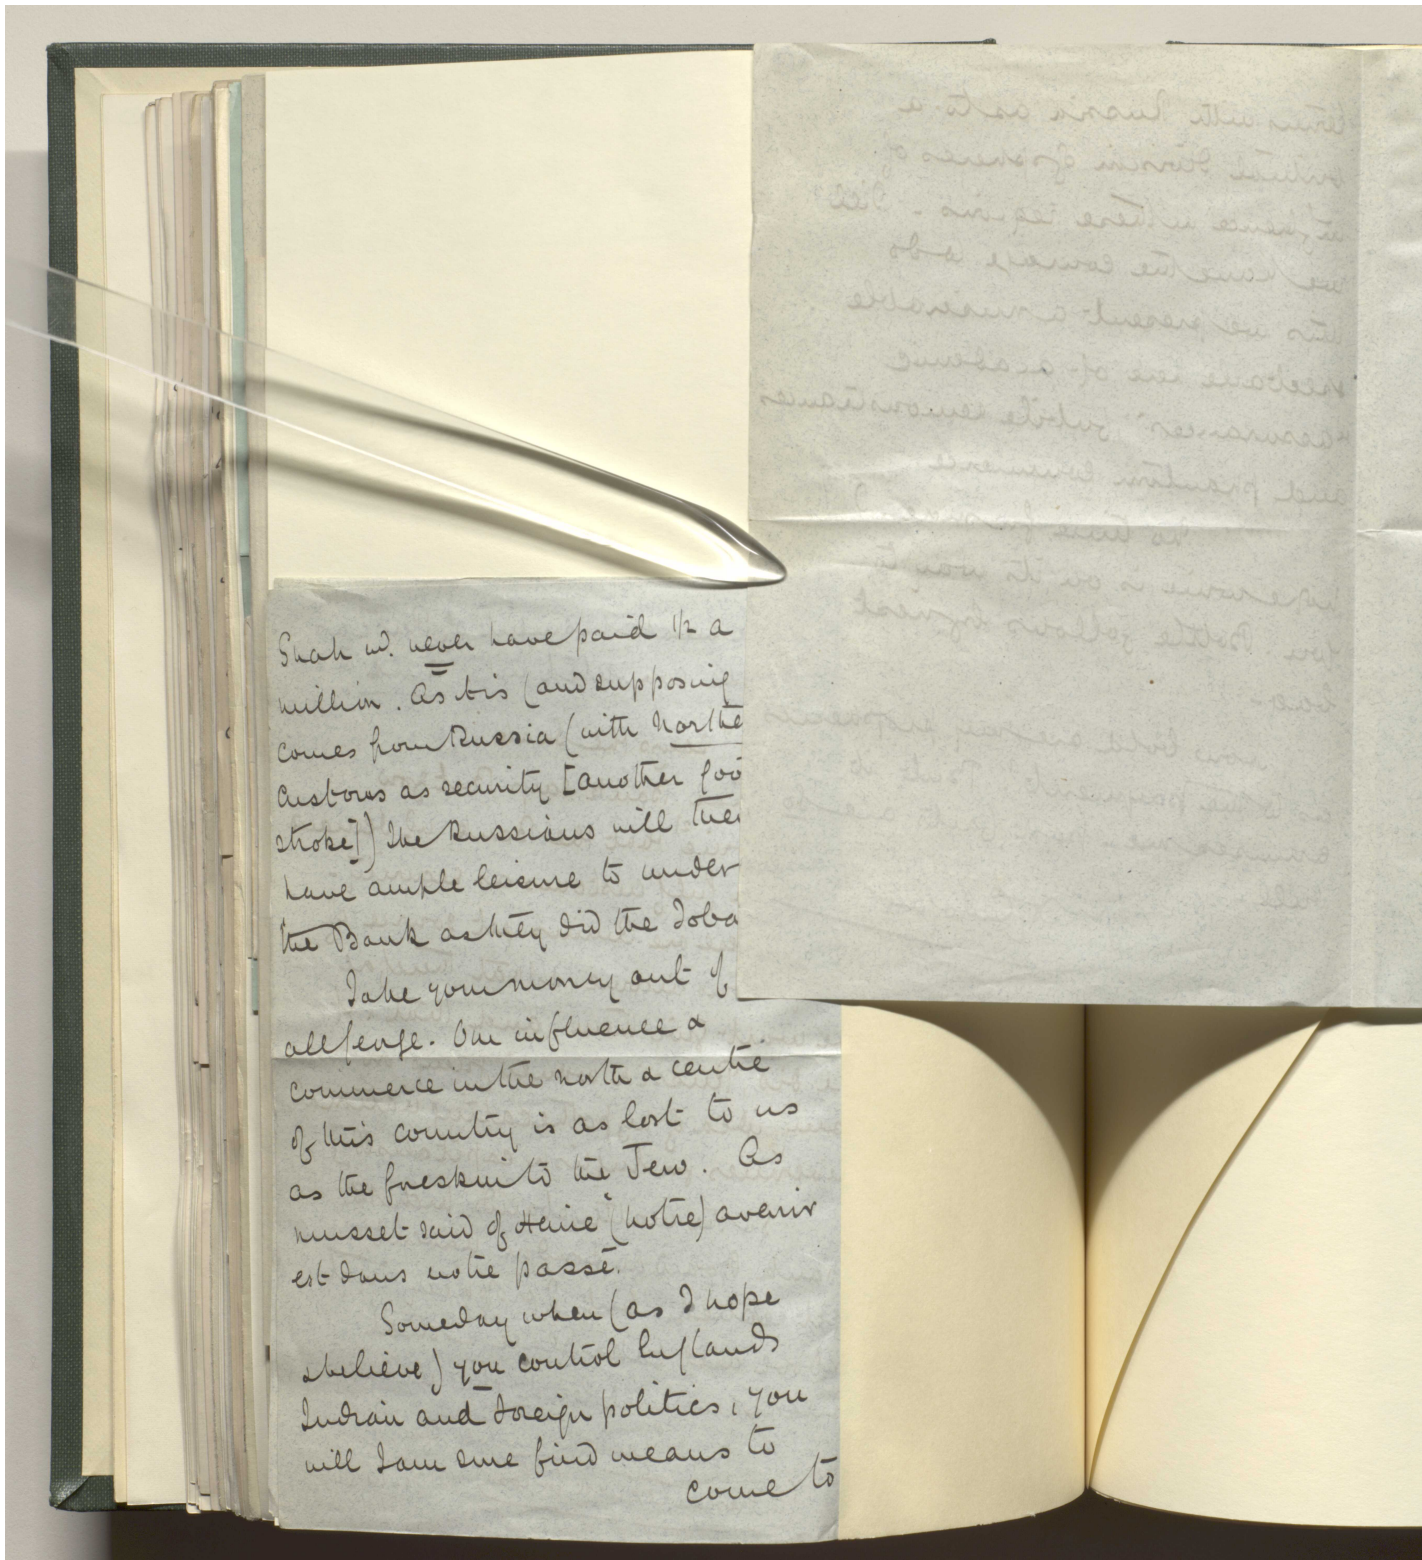

107  
terms with Russia as to a  
virtual division of spheres of  
influence in these regions. Will  
we have the courage to do  
this we present a miserable  
spectacle here of academic  
"assurances", futile remonstrances  
and phantom commerce.

No time for mail. I  
hope wine is on its way to  
you. Bottle follows by next

all the lady ships flocked -  
Imagine their faces when  
they found that, in the absence  
of a European speaking "mistress  
of the Robes", the "Queen" had  
charged a small French  
dressmaker here (who also sells  
candles and quilts underclothing)  
with her duties!

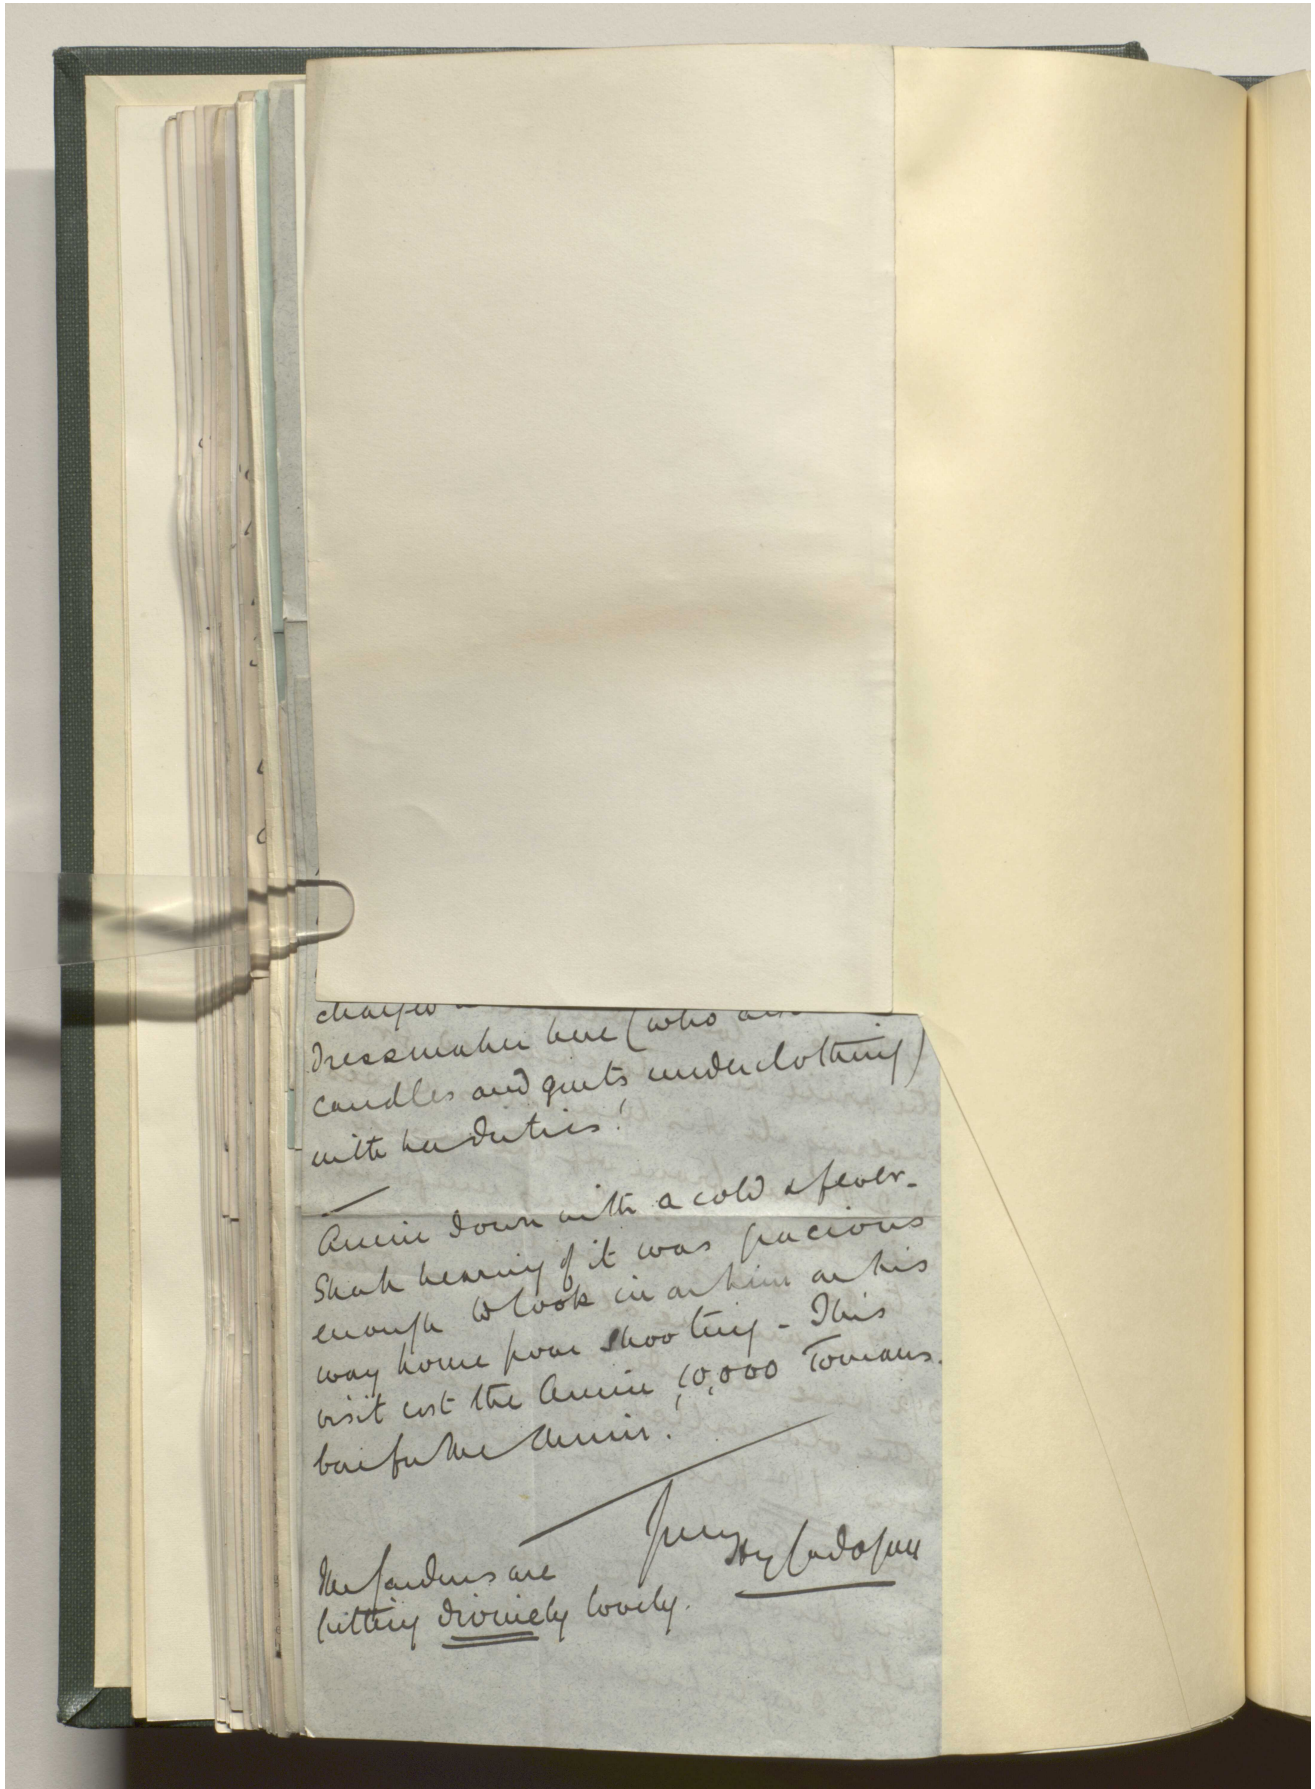

Accie down with a cold & fever.
