About this record

Distinctive Features:

Depths shown by soundings.

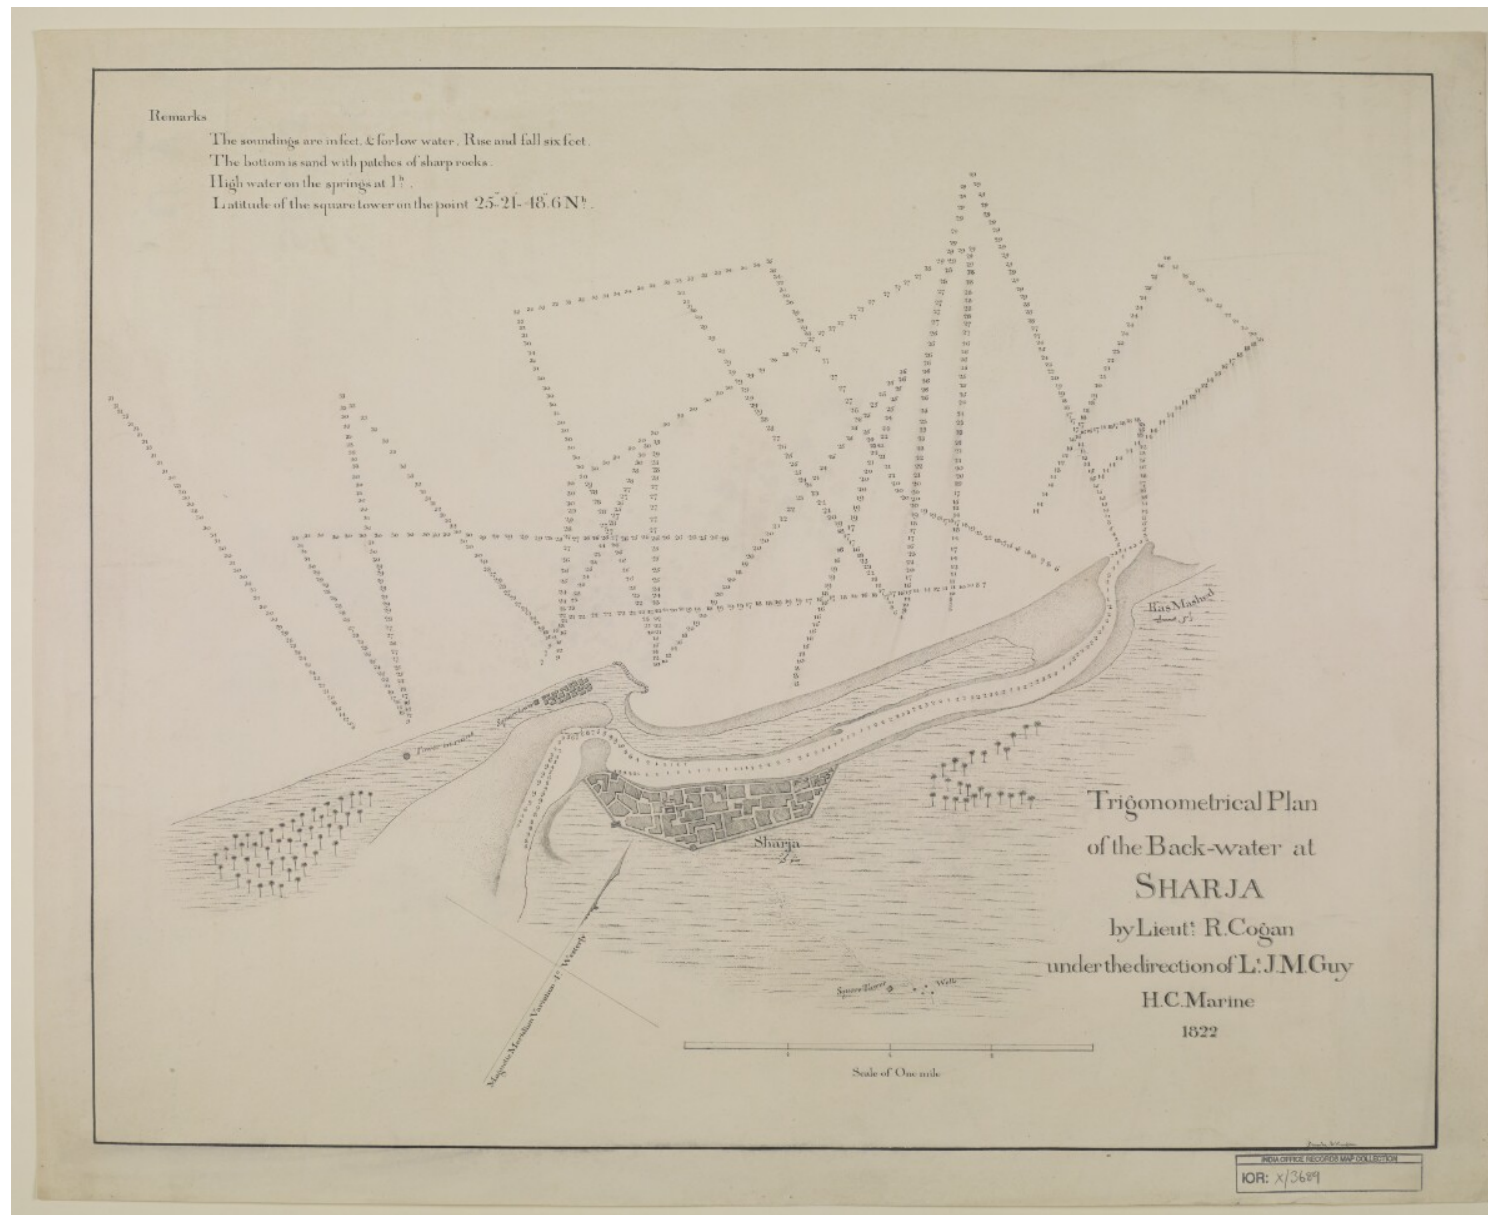

Hand drawn nautical chart of the shores of the Persian Gulf compiled from the survey carried out by the Bombay Marine's officers in 1822 showing Sharja [Sharjah, United Arab Emirates] with the location of fresh water wells marked.

Place names given both in English and Arabic.

Includes note on water levels and soundings with latitude and longitude of a 'square tower' reported.

'Trigonometrical Plan of the Back-water at Sharja by Lieut.t R. Cogan under the direction of Lt. J.M. Guy, H.C.Marine. 1822' [1r] (1/2)
